of the past," aroused a storm of protest Wednesday at the fifty-third session of the North Philadelphia

Baptist Association.

This "different" machine, this "superior" machine, this perfect master piece the machine of your imagination which you sighed for every time the thread slipped around the spool pin of your old machine and broke, every time its shuttle wore out, every time its stitch slipped, every time its needle broke, every time your back became weary and your feet became tired, this machine with its 32 faultremoving inventions we now offer to you at your own terms as low as

Mr. Wm. C. Free, the inventor of this 20th Century machine that we would never publish it. You are accustomed to paying so much more for machines which are not near so good that it will be hard for you to realize that the lower priced FREE sews faster, runs lighter, is more beautiful, lasts longer and makes a more perfect stitch than the highest priced machine on the market. To appreciate the price you must first come to our store and see the quality.

Then as an evidence of the implicit faith we have in The FREE ourselves, we want you to give it a

Then if after 30 days you are not entirely satisfied-if you are not absolutely convinced that it is the best machine you have ever sewed on—the most improved
—the most up-to-date—and at its low price, the biggest bargain you ever made—
return the machine to us and we will refund all you have paid on it so that the trial will not cost you one cent.

We make this offer because we knew that when you notice for 30 days how ornamental its beautiful French Leg design, its golden oak finish and its dustless japanning are.

When you find out how convenient it is— -how the 8 sets of Ball Bearings make it so light running that treadle will keep running 3 minutes longer than other machines—

-how when the machine is closed, the drawers are automatically locked-—how when you raise the lid, the head lifts auto-matically—the drawers unlock and the belt is on—

—how the Rotoscillo Movement makes it faste than the fastest Rotary and simpler simplest Round Bobbin Machine— -how just a touch on the improved Head Latch button release the head--and how it has a score of other improvements-

Then after you have enjoyed all these conveniences for 30 days, you will never be satisfied to be without The Pree. Come tomorrow and take The Free home with you for a 30 days trial.
